OPINION

Pursuant to 42 U.S.C. § 1983, plaintiff, a state inmate, filed this lawsuit claiming defendant, a prison physician, denied him appropriate medical care for a painful skin condition. This lawsuit is now before the court on the recommendation of the United States Magistrate Judge that defendant's motion for summary judgment be granted. Also before the court is plaintiff's notice of appeal, which the court construes as containing plaintiff's objections to the recommendation. After an independent and de novo review of the record, the court concludes that plaintiff's objections should be overruled and the

magistrate judge's recommendation adopted.

An appropriate judgment will be entered.

DONE, this the 20th day of August, 2018.

UNITED STATES DISTRICT JUDGE
